- Rules regarding allocation of votes are strictly as below.
- E-Votes for each act can be bought on line through the Faughs Website and we are asking all acts to get friends and family and those that cannot attend to support them by Buying Votes! They can be bought on line in €10 denominations, and will then be allocated to each act as per below system.
- Audience Purchased 'Votes' on the night will cost €1 each and will be posted to a dedicated contestant ballot box at least 30 mins before results are declared.
- NB 2 of the 3 Panel Judges this year are **external experienced Music/Dance Professionals**. Each of the 3 Panel Judges can allocate a maximum of 100 Points to each contestant (so Judging Panel allocate a total of 300 points maximum combined). The decision of the panel cannot be disputed as it is subjective. Remember it is a combination of singing, performance, audience reaction and Purchased Votes!
- Advance Purchased E-votes or those purchased on the Night will be combined and allocated as follows - Act with the Most purchased 'votes' gets 400 points, next 370 points, next 340, next 310, etc (ie decreasing downwards in units of 30). So everyone will benefit from Audience/Purchased 'votes'.
- The total score for each contestant will be the total Judges Points Score + Points Award from Purchased Votes/E-votes. As an example the maximum score achievable would be 700 (300 max from Judges + 400 max from E/Purchased Votes).
- Absolutely **No DISPUTE** will be entered into, the decision of the Judging Panel and the Committee is final.
